Subject: Did Your Association Conduct Candidate Interview in the last six months?

Happy Monday, Everyone,

As I finish up the April issue of the *Advocacy REcap News* (REcap), I would like to include a high-level rundown of the local associations that participated in candidate interviews over the last 6 months.

It would be a general list of associations engaging in their communities. No specifics are needed other than:

1. **The dates the interviews took place**
2. **The number of races represented.**

Please reply to this email with your association's candidate interview activity.

Thanks for helping me brag on your association in April's issue of the RECap!

All the best,

Lia Mote
