

An Investment in TREPAC is an Investment in Your Business.

The mission of TREPAC/Texas REALTORS® Political Action Committee is to raise and disburse funds to promote home ownership, protect real property rights, and increase political awareness.

Your support of TREPAC ensures the commercial real estate industry is at the table, not on the menu.

TREPAC has been protecting your business since 1972. Here are just a few ways we've helped you lately:

■ 2019

Property Tax Reform: Pushed through legislation that gives taxpayers more info about how tax rates are set and how to engage in the rate-setting process, changes the rollback rate for most cities and counties from 8% to 3.5%, and requires voter approval to exceed the rollback rate.

School Finance Reform: Supported comprehensive reform of the state's public school finance system and property tax system to lessen the burden on local property taxpayers while increasing the state's investment in educators and students.

Permitting Fees: Helped pass legislation that keeps cities from using construction fees as a backdoor tax for the funding of other services—bringing greater fairness to the distribution of the fee burden—and prevents cities from requiring sales price disclosure as part of the permitting process.

Commercial Appraisals: Defeated an anti-taxpayer amendment that would have allowed chief appraisers to develop their own appraisal approaches rather than rely on generally accepted appraisal techniques. Had this amendment been adopted, commercial property owners would have been negatively impacted.

Protection from Excessive Taxes: Spearheaded legislation that reduced the tax burden and interest imposed on open-space land or timber land when a change of use occurs. The legislation reduced the number of years where an additional tax could be imposed on the land due to change of use from 5 years to 3 years and lowered the interest due from 7% to 5%.

■ 2017

Linkage Fees: Supported legislation prohibiting cities from imposing fees on all new commercial construction

■ 2015

Transfer Tax: Helped pass a constitutional ban on any tax on real estate transfers

Equal and Uniform: Required commercial property appraisers to adhere to "generally accepted appraisal methods and techniques" when using equal and uniform provision for property valuation.

Franchise Tax: Permanently reduced the state's franchise tax by 25%. This reduced the tax burden of any large real estate business subject to the franchise tax.
